

Special Pricing

for Individuals, Groups and On-Sites

Maximize your training budget!

The Cannabis Institute for Policy and Learning is pleased to offer our **Special Pricing** for our courses! We issue these discounts as a way for you to get the most out of your training budget and attend our courses in a more timely manner.

Public Course Dates

Our 1-day courses are priced at \$545/participant. Register online for the course of your choosing and receive 15% off. Just copy and paste this code **SPRBB2018** into the discount code section when registering.

Small Groups

For your team needs, we offer our **Small Group Rate** of three registrations for the regular price of two for the same course date (equal to a 33% savings). This is a great option for sending three members of your team to the same course date, while taking advantage of a reduced cost.

Onsite Training

Let us come to you. Our courses are ideal for group on-site training to get your whole team up to speed on the policies behind the fast approaching legalization of cannabis, and speaking the same language. With on-site training you can cover your group training requirements at your location and date of your choice, while saving money for your organization and getting the most out of the training experience.

Contact us today for more information or to receive a quote for an on-site or custom course.
